

ENHANCE YOUR PORTFOLIOS WITH BMG GROUP FUNDS THIS RRSP SEASON

Many Canadians' portfolios are heavily weighted in the equity and fixed income asset classes, meaning they may not be fully diversified. This RRSP season, enhance your financial health with a balanced portfolio that includes stocks, bonds, and holdings in physical bullion.

BMG Funds provide an extra layer of diversification as a result of their negative correlation to traditional asset classes.

You benefit from:

- True portfolio diversification
- Increased potential returns and reduced downside risk
- Protection against global financial uncertainty
- Secure and transparent access to physical bullion
